## Thanksgiving by the Numbers

The first Thanksgiving festivities took place over three days in the autumn of 1621 and included 50 Pilgrims and 90 members of the Wampanoag tribe. Here are some more holiday facts to share over your feast.

- About 95% of American households say they celebrate Thanksgiving.
- A majority of those people spend the day with family. “Friendsgiving,” which is sharing a Thanksgiving meal with friends, is also popular.
- The American Automobile Association predicts an estimated 50 million people will travel at least 50 miles to reach their holiday destination.
- Nearly 90% of those celebrating Thanksgiving eat turkey, whether roasted or deep-fried, according to the National Turkey Federation. The average weight of a bird bought for the meal is 16 pounds.
- The Butterball Turkey Talk-Line answers more than 100,000 calls each November and December from people needing cooking advice.
- Three-quarters of those surveyed said they enjoyed Thanksgiving leftovers more than the actual meal.
- The first Macy’s Thanksgiving Day Parade took place in New York City in 1924. Today, the parade attracts 3.5 million spectators along its 2.5-mile route, and another 50 million people watch it on television.
- The Detroit Lions and Dallas Cowboys host games every Thanksgiving—the Lions since 1934, and the Cowboys since 1966.
